INTRODUCTION

DEPARTMENT OF THE ARMY
FY 2000/2001 BIENNIAL BUDGET ESTIMATES
RESERVE PERSONNEL, ARMY

INTRODUCTORY STATEMENT

The mission of the US Army Reserve (USAR) is to organize, train, and sustain trained, ready and relevant units and soldiers for mobilization and employment in support of the United States National Military Strategy. Today's Army Reserve is an auxiliary force -- a repository of specialized, much in demand capabilities and an augmenting and enabling force -- augmenting America's Army in the core competencies of Echelons Above Division Combat Service Support (EAD CSS) and Echelons Above Corps Combat Support (EAC CS) and enabling the Army to realize the strategic requirements of a Power Projection Army. Today's Army Reserve is a streamlined, dynamic, ready, and relevant force, accomplishing critical daily missions for America's Army around the world while simultaneously remaining to respond rapidly to warfighting support requirements.

The Army Reserve's resource requirements must properly be viewed in the context of the Army's daily dependence on the USAR and the USAR's transformation from a force in reserve to an engaged, stressed auxiliary force. The USAR completed the pre-QDR drawdown in end strength from 319,000 in FY 1989 to 208,000 in FY 1998 and is at QDR end strength level of 205,000 in FY 2000. Contained within the previously mentioned end strength is a slightly different SELFES manpower profile from the President's Budget in order to more accurately portray anticipated manpower performance.

During this period of downsizing, the Army Reserve has had an unprecedented mission increase, mobilizing five times, for Desert Shield/Storm, Somalia, Haiti, Bosnia and Kuwait -- 35% of all RC forces mobilized for Desert Shield/Storm came from the USAR and the USAR provided 68% and 71%, respectively, of all RC forces mobilized for Haiti and Operations Joint Endeavor/Guard. The USAR, during this same period, assumed command and control of six installations from the Active Component (AC) two of which are power projection platforms. Simultaneously the USAR reduced management overhead by over 5000 spaces and completely reorganized its Training Divisions to assume training missions from the AC.

This unprecedented, dynamic reduction in strength, while simultaneously transforming and reorganizing its structure and increasing operational support and deployments by over 300% has produced unprecedented demands and strains on resource management. This budget submission reflects these dynamic, unprecedented changes. To ensure USAR units in Force Support Packages (FSP) I and II are maintained at the highest readiness levels possible, the USAR continued a tiered resourcing strategy based on the Army's "First to Fight" / first to resource strategy.

The Reserve Personnel, Army (RPA) appropriation provides pay, benefits and allowances for soldiers of the USAR while on Annual Training (AT), while performing Inactive Duty for Training (IDT), (weekend drills), and while on active duty for school training, special training, and special work. The RPA appropriation also provides sustainment funding for 12,804 USAR members to serve on Active Duty in the Active Guard and Reserve (AGR) status. The full time support provided by the AGR soldiers is the primary readiness enabler for USAR units and provides the soldier leadership required for AC/RC integration and support to the Army's six imperatives. Other programs funded by RPA include the Reserve Officers Training Corps (ROTC), the Health Professions Scholarship Program (HPSP), the Chaplain Candidate Program (CCP), and newly commissioned officer attendance at Branch Officer Basic Course (BOBC) training. The FY 2000 RPA Budget request focuses on the USAR's ability to meet its wartime and other contingency missions.

The reality of decreased financial resources has made program prioritization increasingly important. The RPA budget request fully funds the Initial Active Duty for Training (IADT) of non-prior service soldiers recruited for the USAR. It also funds, in accordance with tiered resourcing, the support for IDT and AT of troop program unit soldiers critical to providing and sustaining basic individual and collective training skills needed to achieve mission readiness. As the Army has downsized, the relevance and criticality of the USAR becomes even more significant as the primary provider of required Combat Support and Combat Service Support capabilities for the Army. As the Army begins the Twenty First Century, the USAR's integral role as a full partner in fielding new training technologies and capabilities with its full array of Reserve Component Training Institutions (RCTI) throughout the United States and Overseas will increase. These RCTI's will become an even more critical and readily affordable asset in the training of the Army and all its components for the future. To fully capture and support TRADOC's distributive education initiatives, the Army Reserve will require the resources to acquire and maintain state of the art capabilities to receive and distribute modernized instructional products at training locations worldwide.

PART 1 - PURPOSE AND SCOPE

The program costs for this activity include pay and allowances, clothing, uniform maintenance allowances, subsistence, retired pay accrual, and training travel (excludes TDY travel and per diem from unit of assignment to TDY point and return) for all officer and enlisted personnel assigned to the Troop Program Units (TPUs) of the US Army Reserve for Annual Training (AT) and Inactive Duty Training (IDT).

Annual Training (AT) - A period of active duty for training of at least fourteen (14) days, exclusive of travel, is performed by all members of troop program units on an annual basis. This training is usually performed at summer encampments so as to accommodate field exercises and maneuvers. However, annual training may also be accomplished at posts, camps, stations, or other areas if deemed appropriate for training in specific skills.

Inactive Duty Training (IDT) - Inactive Duty Training consists of any authorized training, instruction, or duty (other than Active Duty for Training) performed by members of troop program units. A unit member will attend forty-eight (48) four-hour unit training assemblies (commonly called weekend drills) annually. To supplement these drills, selected members participate in Additional Training Periods (ATPs), Readiness Management Periods (RMPs), and Additional Flight Training Periods (AFTPs). Additional Training Periods improve readiness by providing individuals and units the required and necessary training to attain and maintain designated readiness levels.

Additional Training Periods (ATPs) - Additional Training Periods for units, components of units, and individuals to accomplish additional required training, as defined by post-mobilization requirements. The numbers of ATPs shall not exceed twelve (12) each fiscal year for any individual.

Readiness Management Periods (RMPs) - Readiness Management Periods are used to support ongoing day to day operations of the unit such as unit administration, training preparation, support activities, and maintenance functions. The number of RMPs shall not exceed twenty-four (24) each fiscal year for any individual.

Additional Flight Training Periods (AFTPs) - Additional Flight Training Periods are authorized for primary aircrew members to conduct aircrew training and combat crew qualification training to attain and maintain aircrew flying proficiency and sustain required readiness. The number of these training periods shall not exceed forty-eight (48) each fiscal year for any aircrew member.

Subsistence of Enlisted Personnel: These funds are requested to provide subsistence for enlisted personnel while on annual training and inactive duty training.

Enlisted personnel are provided subsistence-in-kind while on annual training in the unit dining facilities. The cost of these field rations is called the Basic Daily Food Allowance as determined by a DoD Food Cost Index. If the unit does not have a dining facility or individuals are unable to eat in the dining facility because of mission requirements, operational rations called Meal, Ready-to-Eat (MRE) are issued to those personnel. All the annual training subsistence rates are daily rates.

While on inactive duty training with two assemblies in the day, enlisted personnel are authorized one meal, normally the noon meal. The cost of the meal is established at forty percent of the Basic Daily Food Allowance.

Travel, Active Duty for training, Officers: These funds are requested to provide for training travel and per diem allowances for officers to perform annual training. Individual travel provides for the use of personal or commercial vehicles when it is the most cost effective means of travel or when it is not feasible to use another means. Commercial contract transportation is used to transport units that do not have the necessary organic capability. Buses and trains are normally used. Military airlift and charter provides the necessary transportation of units that perform annual training overseas, to include transporting the unit within CONUS, between ports, to the training, site and for the return trip.

PART 1 - PURPOSE AND SCOPE

This budget activity provides the funds for Initial Active Duty for Training (IADT) for all non-prior service enlistees into the USAR. Retired pay accrual costs are included in the program costs. The training programs offered include Regular training, Alternate training, and the Army Civilian Acquired Skills Program (ACASP). Upon completion of any of these programs the enlistees are qualified in their Military Occupational Specialty (MOS).

The Regular Training Program consists of an eight-week Basic Combat Training (BCT) phase followed immediately by a variable length Advanced Individual Training (AIT) phase.

The Alternate Training Program (known as the split training option) provides the same training as the regular program; however, the BCT and AIT phases are split. Upon completion of BCT, normally during the summer, enlistees return to their unit until their scheduled AIT date, which must be within one year of completing BCT. This program accommodates those individuals who are unable to leave their jobs or school for long periods of time.

The Army Civilian Acquired Skills Program (ACASP) provides a variable length program for those individuals who enlist with specific skills that are easily adapted to the military services. The training is tailored to the individual and normally includes basic military and specific MOS skills required to ensure that graduates are fully qualified.

Retired pay accrual costs and the governments share for the social security contribution is included. Under the provisions of Title 10, United States code, section 12103 states each person enlisted shall perform an initial period of active duty for training of not less than twelve weeks to commence in so far as practicable within 270 days after the date of that enlistment.

1998	1999	2000	2001

Part 1 - PURPOSE AND SCOPE

Program costs include pay and allowances, the government's contribution for social security, retired pay accrual, and training travel (excludes TDY from unit/activity of assignment to TDY point and return) for officer and enlisted Individual Mobilization Augmentee (IMA) personnel assigned to the IMA program. The objectives of the program are to:

1. Provide pre-trained and fully qualified personnel to fill specifically designated positions in the Joint Chiefs of Staff, Unified Commands, Department of Defense (DoD) and Department of the Army (DA) agencies and Active Component units whose functions are critical to the rapid expansion of the Army upon mobilization. All IMA positions will be subject to Presidential Selective Reserve Call Up (PSRC). To ensure the readiness of the IMA soldier, their training is the highest priority - Tier I resourcing. IMA personnel train annually with their proponent agencies in the specific positions in which they will serve upon declaration of a national emergency. This highly specialized program ensures these reservists will be able to serve effectively as soon as they report to their mobilization stations. IMA personnel are also assigned to active component units required to deploy to the theater of operations soon after declaration of a national emergency and the initiation of the mobilization process. The IMA program is intended to pre-identify and pre-qualify those reservists who will actually serve in specific key positions within the DoD and DA force structure. These positions are identified by proponent agencies and gaining units as being required upon mobilization, but not authorized for fill before the actual declaration of a national emergency.
2. Annual Training (AT) - A normal period of active duty for training consists of 12-14 days, exclusive of travel, to be performed by all members of Pay Group B. This training is usually performed at the proponent agencies and gaining units. Selected soldiers may perform a period of annual training of up to 19 days to take part in exercises and to perform overseas training.
3. Inactive Duty Training (IDT) - Inactive Duty Training consists of any authorized training, instruction, or duty (other than active duty for training) performed by selected members of Pay Group B. The drilling members of this pay category (DIMA) are authorized to attend up to forty-eight (48) training assemblies per year. The DIMA positions are intensely managed to ensure that the USAR receives the greatest benefit possible.

Part 1 - PURPOSE AND SCOPE

Program costs include all pay, allowances, retired pay accrual costs, and Active Duty Training (ADT) travel from home to the first duty station and return for officer and enlisted personnel of the Individual Ready Reserve (IRR). This program enhances troop program unit training by utilizing selected IRR personnel working in their mobilization specialties to fill Selected Reserve annual training support requirements and other activities supporting the USAR. The program also includes funds to support attendance of non-unit reservists selected by DA Boards at various service colleges and schools. The specific objectives of the Mobilization Training Program are to:

1. Provide professional development and mobilization specialty training of IRR personnel in the grades, specialties, and numbers required to meet Total Army mobilization requirements.
2. Ensure that IRR members have their critically needed mobilization skills and specialties identified, validated, effectively developed, maintained, and modernized.
3. Assist in the timely identification, reclassification, and requalification of IRR members whose grades and specialties are excess to the Army's projected mobilization requirements.
4. Reduce the increasingly critical Reserve mobilization personnel shortfall by retaining more IRR members qualified to serve effectively upon mobilization.
5. Modernize IRR members' mobilization specialties to ensure an accurate match with wartime skills required by the Army's state-of-the-art equipment, tactics, and doctrine.
6. The IRR is the Army's mobilization force. The IRR force is in excess of 250,000 soldiers. As demonstrated in Desert Shield/Desert Storm, the USAR is the manpower pool used to support active army personnel shortfalls during declared national emergencies and contingency operations. The Mobilization Training Program, as a vital part of the Army Reserve's training management system, efficiently focuses training resources upon meeting identified requirements. All funds expended under this critical program, with the exception of those contained in the Service Mission/Mission Support and Operational Training (support of Annual Training) categories, provide training prior to mobilization to update, improve, and maintain those vital individual warfighting skills which cannot be perfected in a postmobilization environment. The Service Mission/Mission Support and Operational Training categories contain funds for tours of Active Duty for Special Work (ADSW). IRR soldiers who perform ADSW tours provide essential support for the accomplishment of specified USAR missions, projects or exercises and usually receive training benefit from the tours while working in their mobilization specialties.

Operational Training: Periods of voluntary duty (ADT) during which Individual Ready Reserve (IRR) soldiers serve with Active or Reserve Component units in positions appropriate to their grade and mobilization specialty. This training takes place under field conditions wherever possible, providing realistic hands-on training in wartime skills and insures participating IRR members' familiarity with doctrine, tactics, and equipment of today's Army.

Initial Skill Acquisition Training: Provides training necessary to acquire initial military and/or military specialty skills. It includes the initial skill training of newly commissioned officers (except ROTC graduates), and retraining of officer and enlisted personnel in other required military occupational fields. The training is conducted primarily in Army Service Schools and Reserve Component Training Institutions (RCTIs). Specific course selection and length of training are tailored to each individual's specialty. Many replacements are prior service enlistees who must retrain in specialties required for their Selected Reserve assignment. This activity supports all personnel currently assigned to USAR troop program units other than non-prior service personnel on Initial Active Duty for Training (IADT) (Pay Group F).

Officer Candidate School (OCS): Supports enlisted participation in full time or State OCS Programs which provide officer candidate training leading to a commission in the US Army Reserve (USAR). The number of reservists participating is determined by the number of qualified reservists available and officer vacancies in USAR units. Newly commissioned officers graduating from OCS are assigned to USAR units with vacancies for which they are qualified.

Prior Service Training: Supports the immediate qualification of separating and recently separated Active Component personnel in new specialties appropriate to the positions for which they have enlisted in local Army Reserve troop program units. Specialties required by available USAR troop units frequently do not match the qualifications of prior service personnel seeking USAR unit assignments. This Active Duty for Training program ensures that soldiers current skills match their units' manning requirements. Improved individual skill qualification directly affects unit readiness.

PART 1 - PURPOSE AND SCOPE

Program costs for this activity include pay and allowances, retired pay accrual, and training travel from home to the first duty station and return for tours of Active Duty for Training (ADT) and Active Duty for Special Work (ADSW) performed by USAR personnel assigned to Troop Program Units (TPU's). These tours support projects and programs related to the US Army Reserve and serve to maintain and improve individual mobilization skill proficiency and unit readiness. This program supports the Congressional language pertaining to ADSW. TPU soldiers who perform tours of ADSW provide essential support for the accomplishment of specified USAR missions, projects, exercises, or units, which could not be accomplished otherwise. Specific objectives of this activity are to:

1. Provide TPU personnel possessing required Reserve Component expertise to support USAR training activities, e.g., development of training policies and programs, development of instructional materials for US Army Reserve Forces schools, and membership on boards.
2. Provide for effective supervision of TPU training programs conducted by subordinate elements to ensure that training is conducted in accordance with Department of the Army policy and doctrine to meet mobilization readiness objectives.
3. Increase mobilization preparedness through participation by TPU personnel in exercises and field training in a simulated mobilization environment with other Army units and units of other services.
4. Provides funds for readiness management, command and staff supervision, operational training, competitive events, management support, recruiting and retention, service mission/mission support, and environmental compliance. Provides funds for planning and support of readiness training exercises, mobilization exercises, participation in exercise planning activities, and overseas deployment training - all directly affecting readiness.

BUDGET ACTIVITY 2T: 4H00 - ADMINISTRATION AND SUPPORT

PART 1 - PURPOSE AND SCOPE

1. Active Guard and Reserve (AGR) Personnel

The funds requested in this budget activity are to provide for pay and allowances, retired pay accrual, uniform allowances, subsistence, and permanent change of station travel (including PCS-TDY enroute) costs of Army Reserve officers and enlisted personnel serving on active duty as authorized by Title 10, United States Code, Chapter 1209.

The AGR soldier is an Army Reserve member serving on active military service in the Full Time Support Program. AGRs provide direct support to prepare Reserve Components for their wartime mission. The AGR soldier works full time for the purposes of organizing, administering, recruiting, instructing, or training the Army Reserve. AGRs deploy keeping reserve units filled with qualified personnel, a vital aspect of readiness.

Over the past several years, more and more Active Army missions have been transferred to the Army Reserve. The Army has been able to meet these missions because full time support personnel have been available to support reserve unit commanders.

AGR soldiers must meet the same standards as soldiers in the Active Army. They compete against each other, members of the Individual Reserve, and troop program unit members for promotion. They serve in areas that are generally remote from an Active Army installation. AGR soldiers can achieve active retirement (Title 11) under this program.

The Active Guard and Reserve Program consists of the following categories:

- Personnel/Finance Support. Provides Army Reserve personnel to administer and operate the USAR pay (DJMS-RC) and personnel systems (SIDPERS). The DJMS-RC pay system processes payments for USAR troop program unit personnel taking part in Inactive Duty Training (IDT).
- Readiness Support: Provides USAR personnel at Active Army installations or headquarters elements to accomplish special purpose functions relating to USAR operations, administration, and logistical requirements.
- Recruiting: Provides USAR personnel at Major Army Commands, Region Recruiting Commands, District Recruiting Commands and recruiting stations to operate the USAR recruiting programs.
- Retention: Provides USAR personnel at Major Army commands, Continental US Armies, and Major USAR Command levels to operate the USAR retention program.
- Unit Full Time Support: Provides USAR personnel to troop program units specifically to increase readiness/mobilization capability.

f. Career Management: Provides USAR personnel to administer the USAR Officer and Enlisted Personnel Management System.

g. Control/Policy Tours: Provides AGR personnel (officers only) who perform full-time duty under the provisions of Title 10, United States Code, Chapters 1007, 1009, and 1209. Includes USAR officer advisors at various commands/agencies who perform USAR administration, training, and logistical activities.

- (1) Section 10301. Reserve Forces Policy Board
- (2) Section 10211. Policies and Regulations: Participation of Reserve Officers in Preparation and Administration.
- (3) Section 12310. Reserve: For Organizing, Administering, etc., Reserve Components.
- (4) Section 12301. Reserve Components Generally.
- (5) Sections 3021 and 10302. Army Reserve Forces Policy Committee.

2. Incentives

The funds requested here provide reenlistment, enlistment, educational, and affiliation bonuses to qualified individuals for a commitment to serve in the Selected Reserve (SELRES). Title 37 U.S.C., Ch. 5, provides for the payment of Enlistment, Reenlistment, Affiliation, and similar cash bonuses to selected enlisted members. Title 10 United States Code, Chapter 1608, Section 16201 provides for the Specialized Training Assistance Program (STRAP) payments of a stipend to obtain adequate numbers of commissioned officers in the reserve component who are qualified for health professions specialties critically needed in wartime. These financial incentives are not intended to encompass the entire reserve force.

The following is a brief summary of the Selected Reserve Incentive Program (SRIP).

Reserve Incentives - Enlisted: These funds provide the payments to selected members for:

Non-Prior Service (NPS) Enlistment Bonuses: Enlist for six years, high school graduate: up to \$5,000 for critical skills; payable at a rate of 50% upon completion of AIT; 20% at end of second year of service and 30% at the end of the fourth year of service; and one-fourth of total anniversary payments, second and fourth year. Enlistment Bonus - Army Civilian Acquired Skill Program (ACAASP) Enlistment Bonus (\$5,000).

Re-enlistment Bonuses: Reenlist/extend for between three and six years in a critical skill/unit; paid \$1,250 for three, four, or five year contract; \$2,500 for six year contract.

Affiliation Bonus: Soldier transitioning from Active Duty who affiliates with a USARC Troop Program Unit (TPU) in their active duty MOS may receive the equivalent of \$50 for each month satisfactorily served in the TPU for the remainder of their statutory military service obligation.

Prior Service Enlistment Bonus: This bonus is offered to eligible prior service personnel enlisting in the Selected Reserve for periods of three or six years. A total bonus of \$2,500 is offered to those enlisting for three years and a total bonus of \$5,000 to those enlisting for six years. Three year bonus initial payment of \$1,250, with anniversary payments of \$416.66 at end of each year of satisfactory service for term of original contract. Six year bonus initial payment of \$2,500 with anniversary payments of \$416.66 at end of each year of satisfactory service for term of original contract.

Loan Repayment: Enlist for six years or reenlist/extend for three to six years; high school graduate; critical MOS; repays 15 percent of the original outstanding loan balance and accrued interest not paid by the Department of Education or \$500, whichever is greater, up to a maximum of \$1,500 for each year of satisfactory service. No payment will exceed the amount required to liquidate the loan or \$20,000, whichever is less.

Specialized Training Assistance Program (STRAP): The stipend is to provide financial assistance to persons engaged in specialized training in the health professions critically needed in wartime. The payment is at the same level as students enrolled in the Health Professions Scholarship Program. The amount of financial assistance an officer may receive while engaged in specialized training is determined by the service obligation for which the officer contracted on enrollment into STRAP.

Health Professions Loan Repayment Program (HPLRP): Provides for the repayment of loans by the Government of outstanding loan(s) that were secured after 1 Oct 75. The loans made, insured, or guaranteed must be through a recognized financial or educational institution if that loan was used to finance education regarding a health profession that the Secretary of Defense determines to be critically needed in order to meet identified wartime combat skill shortages. In NDAA FY99 Section 16302 of title 10, United States (10 USC 16302) was amended to increase the maximum allowable yearly payment from \$3,000 to \$20,000 and the total authorized under this section of law was increased from \$20,000 to \$50,000.

Health Profession Officer Bonus Program: A Congressionally directed bonus program to attract and retain health care professionals in critically short wartime specialties to the Selected Reserve (SELRRES). An annual bonus up to \$10,000 can be paid for up to 3 years based on what the officer contracted for an enrollment into Bonus. The minimum is one year.

Army Nurse Candidate Program (ANCP): A Congressionally directed bonus program to target nurse candidates in the Junior and Senior year of Bachelors of Nursing (BSN) program for accession contracting for four to five years of active duty, and a total of eight years military service. The incentive program pays a \$5,000 bonus, plus a \$500 a month stipend per month of full-time schooling.

3. Death Gratuities; Disability and Hospitalization:

a. Death Gratuities:

(1) The funds requested are to provide the payment of death gratuities to beneficiaries of deceased Army Reserve military personnel, if member dies:

- (a) While on inactive duty training.
- (b) From an injury that occurred while traveling directly to or from inactive duty training.
- (c) Within 120 days after discharge or release from inactive duty training, if the Administrator of Veterans' Affairs determines that death resulted from an injury incurred or aggravated while performing or traveling directly to or from such training.

(2) Entitlement is contained in Title 10, United States Code, Chapter 75.

b. Disability and Hospitalization Benefits:

(1) The funds requested are to provide payment for members of the Army Reserve who suffer injury or disability or contract disease in line of duty, active or inactive. They are entitled to hospitalization and pay and allowances during such hospitalization.

(2) A member who performs inactive duty training and is separated for physical disability due to injury which was the proximate result of the performance of such duty, is entitled to severance pay, if otherwise qualified under appropriate personnel regulations.

(3) Entitlement is contained in Title 10 U.S.C. Chapter 60, 1206 and Title 37 U.S.C. Section 204 and 206.

4. Separations:

This section addresses transition enhancements and transition initiatives for the USAR identified by P.L. 102-484, Title 44, Subtitle A & B. USAR AGR soldiers are authorized the same transition enhancements as the Active Army. Special Separation Benefit, Voluntary Separation Incentive, and Temporary Early Retirement Authority may be offered to encourage voluntary separations to aid in reducing and shaping the force. Guard and Reserve Component Transition Benefits are available for USAR soldiers who involuntarily lose their Selective Reserve Status due to force reductions during the Force Reduction Transition Period. Transition Initiatives and Benefits available are summarized as follows:

Special Separation Benefit (SSB): Officer and Enlisted costs associated with AGR personnel, who have more than six years of service but less than twenty, who voluntarily leave active duty, or who elect to receive the SSB.

Voluntary Separation Incentive (VSI): Officer and Enlisted costs associated with AGR personnel, who have more than six years of service but less than twenty, who voluntarily leave active duty, and who elect to receive the VSI.

Temporary Early Retirement Authority (TERA): Officer and Enlisted costs associated with AGR personnel, who have more than six years of service but less than twenty, who voluntarily elect to retire.

Part 1 - PURPOSE AND SCOPE

Funds are for payment to the Department of Defense Education Benefits Fund, a trust fund. The program is governed by Title 10 United States Code, Chapter 1606. This program will fund educational benefit payments in their entirety for eligible individuals in the Selected Reserve. This program is budgeted on an accrual basis. Actual payments to individuals are made by the Veterans Administration from funds transferred from the trust account. P. L. 100-48 makes the program permanent. This budget submission includes the MGIB-SR Educational Assistance Allowance Increase or "MGIB-SR Kicker."

Part 2 - JUSTIFICATION OF FUNDS REQUESTED

All individuals enlisting, reenlisting, or extending for not less than six years in the Selected Reserve after July 1, 1985, except those who have received a commission from a Service Academy or completed an ROTC scholarship program, are eligible to receive educational assistance. The individuals must also meet initial training and high school diploma or equivalency requirements. Cost estimates are actuarially based and reflect eligibility estimates adjusted by an estimate of ultimate benefit utilization and partially offset an estimate of interest earned on investments of the Education Benefits Fund. Post graduate level education is now made available to those service members who have earned an under graduate degree. The program provides funds applicable to one of four levels of educational pursuit. These levels are: \$203.24 per month for each month of full-time educational pursuit of a program of education; \$153.43 per month for each month of three quarter-time pursuit of a program of education; \$102.62 per month for each month of half-time pursuit of a program of education; and an appropriately reduced rate, as determined under regulations which the Secretary of Veteran's Affairs shall prescribe, for each month of less than half-time pursuit of a program of education. Additionally, soldiers in selected critical skills or high priority units are eligible for the MGIB-SR Educational Assistance Allowance Increase or "MGIB-SR Kicker" of up to \$350.00 per month.

The following table displays the actuarially based estimates and the number expected to meet the initial eligibility requirement of an enlistment, reenlistment or extension for six years:

Part 1 - PURPOSE AND SCOPE

This budget program provides funds for ROTC graduates designated for Reserve Forces Duty (RFD), either USAR or National Guard to attend full-length, resident Branch Officer Basic Courses (BOBC). It includes pay and allowances, retired pay accrual costs, uniform gratuities, and travel for officers.

Title 50 U.S.C.A. Section 456, 1987, requires that commissioned ROTC graduates not required to serve on active duty with the Army attend active duty for training for a period of not more than six months and serve in the Reserve components until the eighth anniversary of commissioning. Successful completion of a BOBC qualifies officers for mobilization deployment.

Part 1 - PURPOSE AND SCOPE

This budget program provides funds for officers to participate in the Armed Forces Health Professions Scholarship and Financial Assistance Programs (HPSP & FAP) in accordance with Title 10 United States Code, Chapter 105, Sections 2120 through 2127. This program is the Army's primary source of medical doctors. The objective of this program is to provide, in conjunction with other health professional officer acquisition programs, a sufficient number of trained personnel to support the Army Medical Department in its health care mission. Members pursuing specialized training shall serve on active duty in a pay grade commensurate with their education level with full pay and allowances of that grade for a period of 14 days during each year of participation in the program. They are detailed as students at accredited civilian institutions located in the United States or Puerto Rico, for the purpose of acquiring knowledge or training in a designated health profession. In addition, members of the program, under regulation prescribed by the Secretary of Defense, receive military and professional training and instruction. Except when serving on active duty, a member of the program is entitled to a monthly stipend at a rate established annually by the Secretary of Defense. Upon graduation, participants incur a minimum of three years service obligation in the active component.

The National Defense Authorization Act for FY 90-91, 19 Nov. 89 (P.L. 101-189) modified the HPSP by adding the Financial Assistance Program (FAP). FAP provides financial assistance to medical resident students to help obtain adequate numbers of specially trained physicians for clinical practice. Specialties will vary depending on Army requirements. Participants receive an annual grant, a monthly stipend, and reimbursement of approved educational expenses. FAP recipients perform two weeks of Active Duty for Training (ADT) each year.

Part 1 - PURPOSE AND SCOPE

This budget program provides funds for officers to participate in the Chaplain Candidate Program. The objective of this program is to provide, in conjunction with other chaplain procurement programs, a sufficient number of trained personnel to support the Army Chaplaincy in its pastoral care and religious ministry mission. Members must be either full-time seminary students, or seminary graduates waiting ecclesiastical endorsement and/or ordination. Members receive military and professional training and instruction in accordance with appropriate regulations during participation in the program. Upon completion of the program, when duly ordained and endorsed by their respective denominational agency, participants are qualified as Army chaplains and are assigned to either the Active or Reserve Components.

Definition: (4P11) Chaplain Officer Basic Course (COBC): COBC training is required in order to qualify officers commissioned as Chaplain Candidates (staff specialists) for future service as US Army Chaplains in either the Active or Reserve Component. This budget program funds COBC attendance of Chaplain Candidates commissioned in the Army Reserve. Costs include pay and allowances, uniform gratuities, and travel for officers attending COBC.

Definition: (4P12) Chaplain Active Duty for Training (CADT): Members of this program serve on active duty in the pay grades of 0-1 or 0-2 with full pay and allowances at those grades for a period of 45 days during each year of participation in the program, not to exceed a total of 135 days.
